Navigating Compass

Home Page

On the left side of the homepage, you will see your child(ren), and you can quickly access their applicable profiles to view attendance records, their timetable and reports.

You can also directly add attendance notes into Compass, explaining their absence.

It is important that your contact details are kept up to date so that the school can accurately notify you of your child(ren)'s absence via SMS and other communication sent via SMS or email. As highlighted on the left, you can quickly access this from the home page. You can also access this from any page within Compass, shown below.

Welcome to Compass

Hi Parents,

Welcome to Compass!

In Compass you will be able to directly input your child(ren)'s attendance, access their reports & timetable and update your details. Please note that it may take up to two business days for your detail changes to be applied across our systems.

For a guide on how to use Compass, click here, or copy and paste this link into your web browser: https://docs.google.com/document/d/149hmAz4-pdiU8Bsx3n5V-xH0Sgwso2PViRna8B_YE7Y/edit?usp=sharing

There will be more features added to Compass in the future, which be communicated to you throughout next year.

1 minute ago by Samuel Kramer

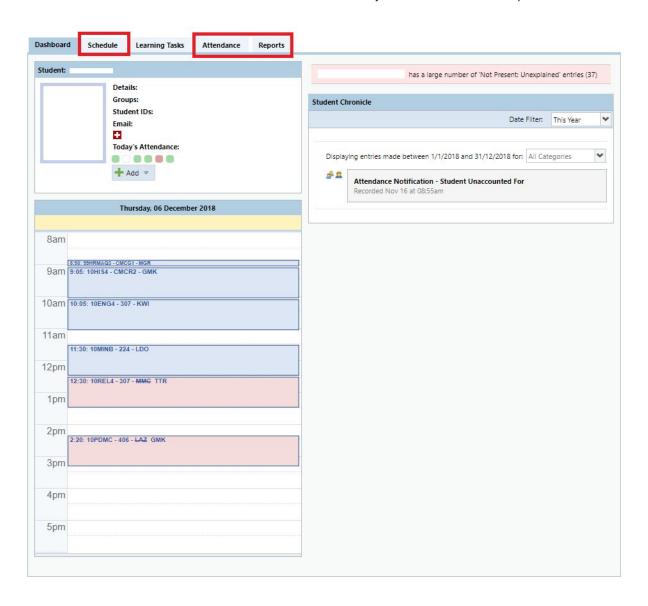

The right side of the homepage shows you news items and highlights those that require attention, such as an unexplained absence.

Student Profile

The student profile allows you to see your child's daily attendance & schedule, as well as any important notifications regarding your child and their attendance.

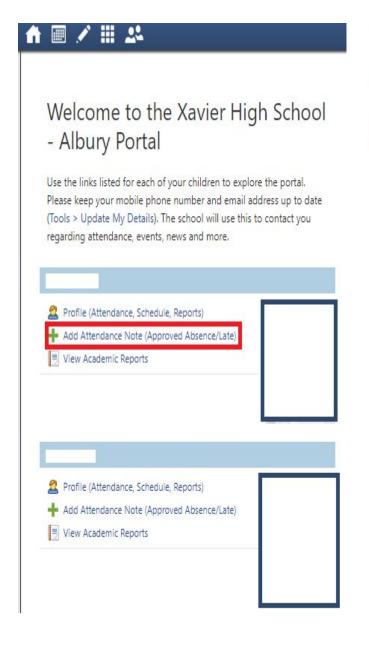

Across the top of the page, you can also dive deeper into their schedule in order to see their entire timetable, see their full attendance history, and access their reports.

Attendance Notes

If your child(ren) have been, or you know they are going to be, absent or late you can put attendance notes directly into Compass. This can be accessed from the home page, or from the student profile.

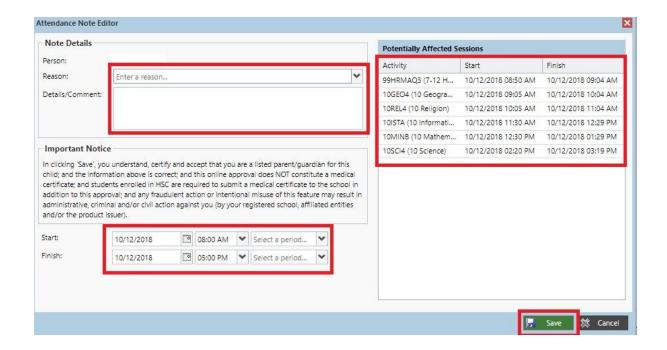

When entering the attendance note, you will need to select a reason for the absence, give concise details about the absence and choose the applicable date and time ranges. When selecting the time, you can also select periods throughout the day if they are only going to be absent for particular periods.

The attendance note will also show you any lessons that the absence will affect.

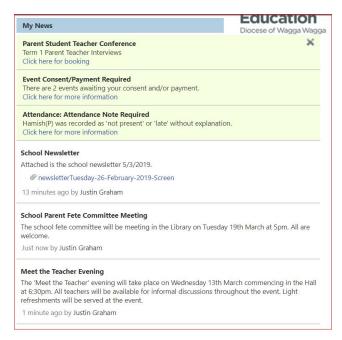

Be sure to click Save when you are done.

PTS Interviews (Conferences)

Our PTS Interviews are now booked through Compass. In order to make bookings to see your child(ren)'s teachers you can use either the web portal or the app.

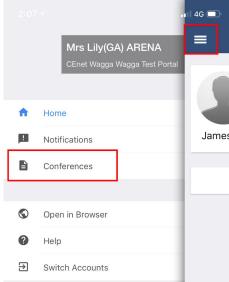

The web portal will give you an automatic notification in your news feed advising you to book your interviews and provide you with a link, however the app will not show this notification.

In the app you will need to tap on the 3 lines at the top left, and then choose Conferences.

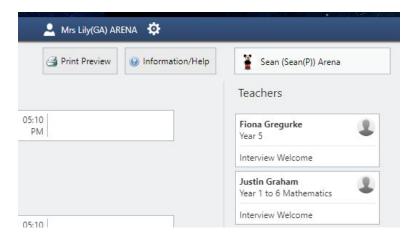

You can also access the bookings use the Community tab at the top of the web portal.

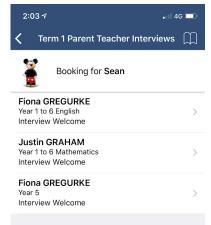

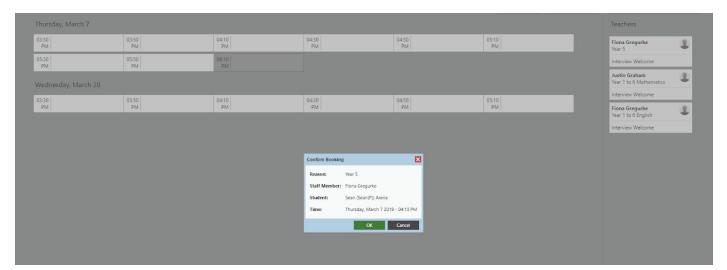

Your child(ren)'s teachers will then appear for your selected child. To switch between children, just tap/click on them. Below are screenshots from both the web portal and the app.

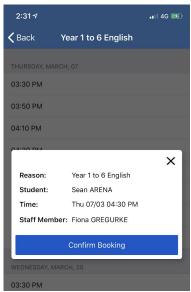

In order to make a booking, firstly tap on person you would like to make a booking with, all of the available time slots for that person will then be highlighted. Any time slots not available for this person will be greyed out in the web portal, or simply won't show if using the app.

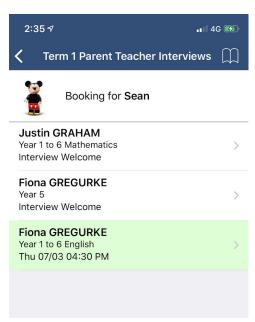

Tap on the time slot you wish to book, you will then be asked to confirm your booking.

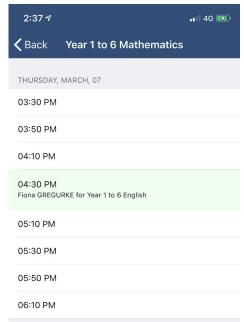

Once you have booked with one person, they will turn green, as will the time slot you booked with them.

You can then continue to keep booking times to see other teachers, and use the green time slots to know what other times you have booked.

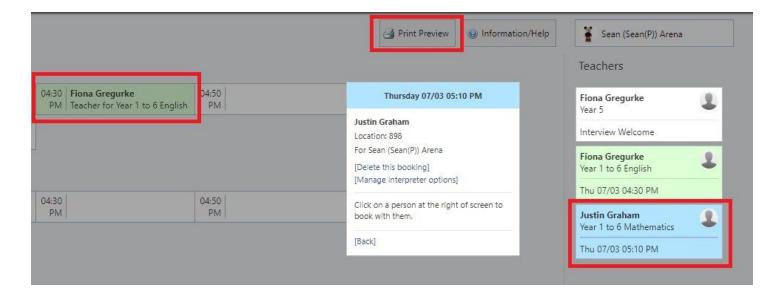

If a teacher is greyed out, this means all their available time slots have already been booked.

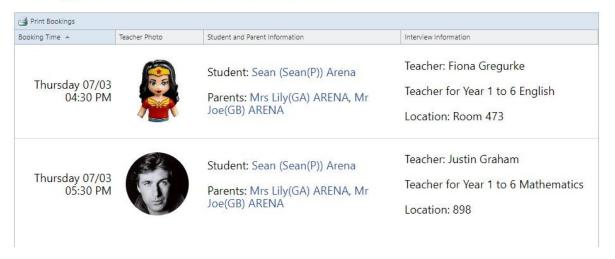

PTS Interview Locations

In order to see where the staff are located for your PTS interviews, you must use the web portal. Once logged into the web portal, head into the Conferences (where you booked them, shown above).

Once there, you can either click on the timeslot you have booked or the teachers on the right. If you would like to see a list of all your bookings on one page, with their times and locations, click Print Preview.

Bookings for Term 1 Parent Teacher Interviews

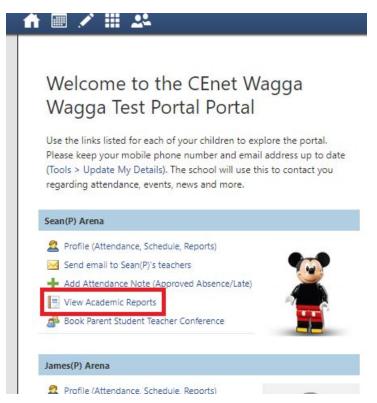

At this stage location CANNOT be viewed from the app, but can also be found on notice boards at the school, when attending for your interviews.

Viewing Reports

Student reports will now be available to access in Compass. You can access your child(ren)'s reports through both the web portal and the phone app. Over time previous reports will also be accessed in this way.

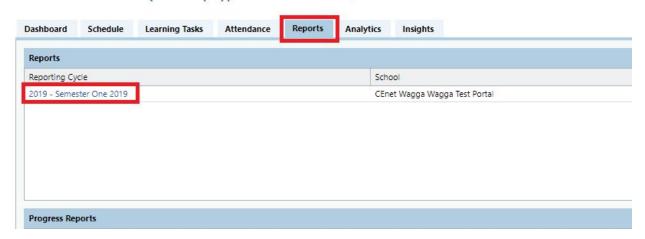

Web Portal

Once you have logged into the web portal, you can click on View Academic Reports under the child you wish to view the report of. You can also access this from the Reports tab on their profile.

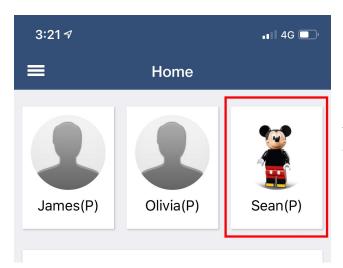

Click on required report cycle to view your child's report.

Student: Sean (Sean(P)) Arena - YR 5, Year 5

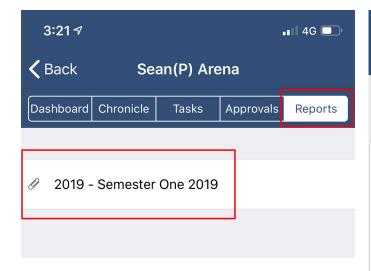

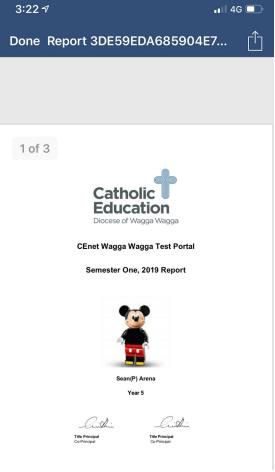

Phone App

To view the report from your phone app, tap on the required child, then tap reports.

Once you have tapped reports, like the web portal, choose the required reporting cycle to view your child's report.

Compass App

While the app is not essential, it offers the convenience of having simplified portal information at your fingertips.

Where Can I Get It?

For Apple Devices, click on the image below, or this link

https://itunes.apple.com/au/app/compass-school-manager/id778415974?mt=8

Similarly, for <u>Android Devices</u> click the image or this link

https://play.google.com/store/apps/details?id=com.jdlf.compass&hl=en_AU

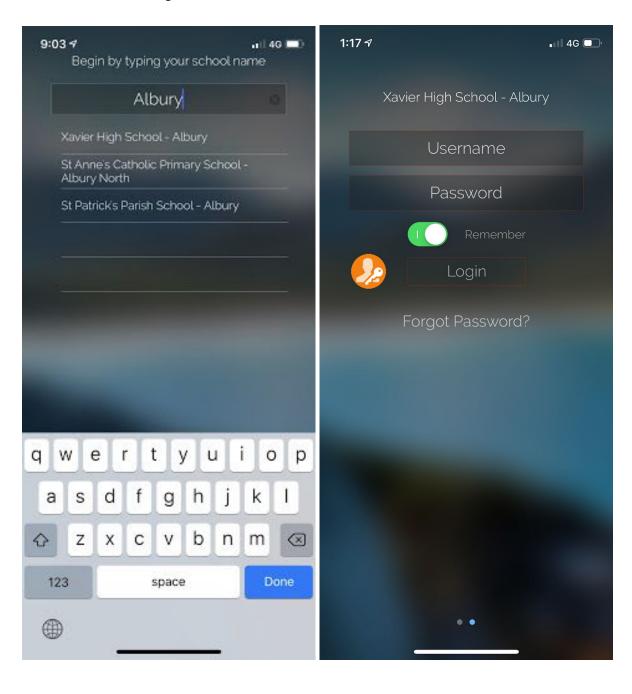

In both the App Store and Google Play store you can also search for Compass School Manager. It looks like the below image.

How to Log In

When opening the Compass app for the first time you will need to add Xavier High School to your app. In order to do this, it is easiest to search for Albury and then choose Xavier High School - Albury from the list, as shown below. Once you have selected Xavier, like the website, you use the username and password that was provided to you. If you can't remember your password, or have lost your username - see the Forgot Login Details section of this guide.

What Does It Look Like?

The app homepage shows each of your children as well as the newsfeed. Clicking on one of children allows you to view their profile and add attendance notes as well as view their reports and timetable.
